PROJECTS

QuillQuest - Blog Web Application

- A dynamic Full stack blog web application designed for seamless content creation and management.
- The app boasts a user-friendly interface, featuring a captivating home page showcasing a curated selection of stories.
- Users can create, edit, and delete blog posts.
- The app features essential authentication for a secure environment and includes a user-friendly search function.
- **Technologies used**: React JS, Node JS, Express JS, Mongo DB, Mongoose, JSON web tokens

ServiceSavvy - Online Product and Service Ordering System

- A fully responsive React-based application featuring product introductions, pricing details, service information, and a contact page.
- Exceptionally responsive, adapting seamlessly to various devices for an optimal user experience.
- Designed for user-friendliness and security, ensuring a seamless and safe browsing experience.
- **Technologies used**: React JS, JavaScript, Styled Components, CSS

PizzaHouse - Online Food Ordering System

- User-friendly food ordering web application using the Laravel PHP framework.
- Implemented robust features, including user registration and login functionalities, enabling seamless user experiences.
- users can select preferences, toppings, and extras for their pizza orders. Admins can efficiently track pizza orders, monitor their status, and facilitate order completion.
- **Technologies used**: Laravel (PHP) , HTML, CSS, JavaScript

PAYANI - Hotel Reservation System

Level 2 - Industry Based Software Project

- A comprehensive hotel reservation system consisting of both a mobile app and a web app.
- Users can book hotels, receive push alerts for deals, access navigation advice, and utilize various services.
- Hotels have the ability to manage rooms, guests, and services through the system.
- **Technologies used**: PHP, JavaScript, HTML, CSS, Bootstrap, MySQL, Adobe XD.

EXTRA CURRICULARS

- Science Union Member: V/VTMMV
- Member of Cricket Team - V/VTMMV
- School Prefect - V/VTMMV
- Volunteer at AIESEC - UOM
- Short Film Team Member - Mara
